

30th International Conference on Coloproctology “Enrique Casal”

Parador de Baiona (Spain) – 6th, 7th and 8th March 2024

SCIENTIFIC PROGRAM

Wednesday, 6th March

MONTERREAL ROOM I and II

15:30-19:45 h Oral communications and videos

MEDIEVAL ROOM

15:30h. **Specific questions**

Moderators: A. Parajó and X. González-Argente

- Pelvic floor rehabilitation. L. Carballo
- Endometriosis unit. J.M. García González
- Chronic *proctalgia*: the difficult patient. E. Moncada

16:30h. **Lecture:** Training leaders in colorectal surgery. F. De la Portilla

17:00h. Coffee - Break

17:30h. **Prevention and management**

Moderators: I. Aldrey and R. Farrés

- Parastomal hernia. J. Merino
- Perineal hernia. B. Flor
- Ileal stoma prolapse. J. García Septiem

18:30h. **Critical review of novel technologies for the treatment of:**

Moderators: J.M. García González and J. García Septiem

- Anal fistula. F. De La Portilla
- Anal incontinence. A. Muñoz
- Surgical site infection in coloproctology. I. Rubio
- Haemorrhoids. E. Moncada

END OF THE DAY

Thursday, 7th March

MEDIEVAL ROOM

08:15h. **Anal intraepithelial neoplasia (AIN)**

Moderators: S. Piñeiro and J. García Septiem

- HPV y AIN. E. Cavazzoni
- Anal cancer and ANI. Classification, screening and follow-up. P. Fdez. Veiga
- HRA. Development of the technique. P. Hernández

09:30h. **Lecture:** "AIN: Guide for multidisciplinary management". E. Cavazzoni

10:00h. **Robotic surgery. Novelties**

Moderators: E. Martín Pérez and R. Sánchez Santos

- Robotic surgery: widening the indications. R. Jiménez
- HUGO. A. Arroyo
- Versius. J.M. Fernández Cebrián

11:00h. Coffee - Break

11:30h. **Clinical cases**

Experts: J.V. Roig, S. Biondo, E. Espín, A. Arroyo, A. Parajó

Facilitators: F. De La Portilla, R. Farrés and V. Simó

13:00h. **Lecture:** Prophylactic HIPÉC. D. Cortés

13:30h. **Conference Opening**

Prizes for the Best Communications

Honorary Consultants Nomination:

Dr. J. García Septiem (Introduction: V. Vigorita)

Dr. J.M. García González (Introduction: A. de San Ildefonso)

13:45h. Working lunch

15:30h. **Tips & Tricks in robotic surgery**

Moderators: O. Maseda and V. Simó

- Splenic flexure takedown. R. Jiménez
- Rectosacropexy. G. Naldini
- Intestinal anastomosis. M. Pascual
- Low rectal cancer. E. Espín

16:30h. **Lecture:** Indications to and surgical options for ulcerative colitis. S. Biondo
Introduction: F. Blanco Antona

17:00h. Coffee - Break

17:30h. **Crohn's diseases**
Moderators: B. Flor y G. Pellino

- Surgical planning based on 3D reconstruction for complex fistulas in Crohn's disease X. González Argenté
- Crohn's colitis: Segmental or total colectomy?. M. Martí-Gallostra
- Strategies to reduce postoperative recurrence M. Millán-Scheiding
- Crohn and intra-abdominal abscess. Defining the timing of surgery. O. Cano
- Digestive fistula (vídeo). V. Celentano
- The role of early surgery in the era of biologics. F. Blanco

END OF THE DAY

Friday, 8th March

MEDIEVAL ROOM

08:15h. **Video session "step by step"**
Moderators: M. Millán-Scheiding and X. González Argenté

- Repair of complex anovaginal cloaca. A. Muñoz Duyos
- Robotic multicompartamental POP repair. G. Naldini
- Intestinal reconstruction following extended left colectomy. M. Martí-Gallostra
- Recto-vaginal endometriosis. Planning, surgery and Tips & Tricks. V. Celentano

09:30h. **Lecture:** Low Anterior Resection Syndrome. "Concept, incidence, risk factors and treatment options". F. Marinello

10:00h. **Right colon. How I do it and why**
Moderators: R. Farrés and J. Noguera

- Bottom to up. M. Pascual
- Medial to lateral. L.M. Jiménez
- Top to down. M. Ferreira
- How do I do it? S. Morales

11:00h. Coffee - Break

11:30h. **Lecture:** Management of rectal polyps and early cancer. R. Hompes
Introduction: G. Salgado

12:00h. **Rectal cancer. "Watch and wait"**
Moderators: D. Cortés and J.M. Fernández Cebrián

- Interdisciplinary Spanish Consensus. R. Jiménez
- Tumour response and organ sparing. Q. Denost
- Current controversies and future directions. H. Guadalajara

13:15h. **Lecture:** Critical assessment of TNT in rectal cancer. Q. Denost

13:45h. Working Lunch

15:30h. **Low rectum. Controversies**
Moderators: J.V. Roig and L.M. Jiménez

- Anastomosis: Pouch, straight, Turnbull-Cutait? S. Biondo
- Chronic sinus after APER/AR. Treatment modalities. B. Flor
- Anastomotic leak: proactive vs conventional treatment. R. Hompes

17:00h. Break-Coffee

17:30h. **Video session. "Description of Surgical Techniques"**
Moderators: J. Noguera and R. Jiménez

- Lateral pelvic lymphadenectomy. A. Parajó
- TaTME with D£ para-aortic dissection. R. Hompes
- Laparoscopic complete peritonectomy plus hyperthermic intraoperative chemotherapy D. Cortés
- Robotic total pelvic exenteration with coloanal anastomosis and enterocystoplasty Q. Denost

19:30h. CLOSURE
